

# Clean Water 2020

Columbia's Clear Vision For Clean Water

## Benefits of the Clean Water 2020 Program

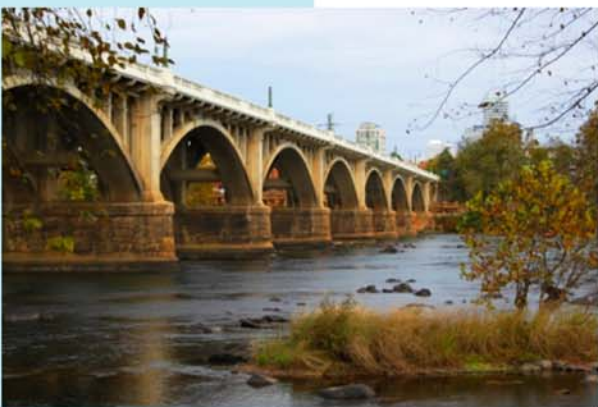

### Provide Economic Benefits

By making necessary capital investments now, we will extend the life of our infrastructure, which will prevent costly repairs in the future.

### Promote Public Health & Safety

By eliminating sanitary sewer overflows, we will protect the quality of our local rivers and streams, making them cleaner safer for our community.

### Protect Our Environment

With a goal of eliminating sanitary sewer overflows, we will meet Federal Clean Water Act requirements.
